Mr. Frederick W. Eaton
Project Engineer, Pollution Control
W. R. Grace & Co.
62 Whittemore Avenue
Cambridge, Mass.

Dear Fred:

As you can imagine, the strike by the construction trades is causing delay on many air pollution control installations in the Twin City area. This situation is not subject to your control so no variance is necessary and your operation of the non-compliance #2 furnace is approved.

As soon as the strike is settled, I will expect a letter from you amending your original compliance plan by giving the new completion date.

Sincerely,

Robert L. Lines
Supervisor
Air Pollution Control

RLL/d
